

Please Read This Page Before Buying This Book!

Out of respect for the easily offended, I have written
two versions of this book:
an original **PG 13** rated version and a **G** rated e-book.

I don't want my wisdom disregarded because I included
some words, concepts and a gesture that
I believe add clarity, power and value to many readers
"BuT"
can be offensive to others.

I think it foolish to throw the baby out with the bath water!

I hope you concur and will evaluate and decide for yourself which
version is most appropriate for you.

In either version, I challenge YOU to address your Issues:

Get Your Head Out Of Your **"BuT"**!
Eliminate Your Excuses!
Your Solution is to: Develop Your Positive Life Plan!
Then Live **"It"** Your Way!

Take a chance on reading wisdom. I will teach, if you allow.
Please read whichever version
BEST
suits your temperament.

If in doubt, please start with the G rated version!
You can always read the original later.
